

LIFE SAVING SOLUTIONS FOR YOUR BUSINESS

We face challenges every day: more and more data, numbers, images to be stored, organized, archived, searched, protected. Samples to be processed, lives to be saved, information to be accessed, stored, transmitted. Faster, bigger, better. Flawlessly.

CHALLENGES

The typical error rate for human data entry is 1 error per 300 characters. For barcode scanners, error rate is around 1 error in 36 trillion characters, depending on the type of barcode used.

Human errors and data entry errors can bring irreparable damage to a business leading to: higher costs, unhappy customers, and time spent solving problems. In some situations, errors can be irreparable to a business image and reputation, and in many instances they will involve legal ramifications.

In this industry, customer service and client satisfaction defines the success. Document management, professionalism, speed are key components that will help any insurance agency prevail. Managing documents such as applications, insurance policies, claims, photographs, and reports can be a challenge, especially when dealing with a lot of customers.

Solution: ByteScout PDF SDK

DOCUMENT SECURITY

ByteScout PDF SDK is used to secure documents: add text, images and watermarks to existing pdf and scanned files. Add password protection and restrictions for documents.
